EXTRA SPICY

WALT: use my knowledge of the value of money to explain my reasoning

Stick this sheet in, then follow the instructions and write your reasoning clearly in your books

Emily, Tim and Jane are at the shop paying for sweets.

Tim has got £1.52 and Jane has got 146p.

1.

Emily has got more money than Jane but less money than Tim.

How much money could Emily have? Explain your answer.

Tanvi and Toby have collected money for charity.

Tanvi has collected 354p whereas Toby has collected £3.54.

2.

Tanvi says, "**I have collected more money than Toby because 3.54 is a smaller number than 354.**"

Is she correct? Explain how you know.

Use these digits to make a price that is **more than three pounds** but **less than five pounds**.

3.

How many prices can you make following these rules?

Put all of your answers in **ascending order**.

4.

What would you rather have, **seven 20p** coins or **three 50p** coins? Explain your answer fully.
